Professional Tutor (Secondment)

Contract Type

Secondment (Jan-Jul 2027), Full time

Salary

Salary will be at the successful candidate's substantive rate

Closing date: 30th October 2026

Interview date: 12th November 2026

At the LETTA Trust we believe that a high-quality education has the power to combat social inequality and to change lives. Our School Improvement Team trains over 50 new teachers and 100 apprentices each year, and our excellent retention rates ensure great educators are making a big, long-term difference in local schools.

Our provision has been graded Outstanding by Ofsted. We have been a provider of Initial Teacher Training for over 14 years and have strong and long-standing relationships with local partners. We work with a diverse range of settings for primary and secondary placements: mainstream, multi-academy trusts, free schools, SEND, nursery and faith schools, and have strong partnerships with local and national organisations. Our dedicated staff team is the key to our success; building strong relationships, working together, and looking after each other are important.

The successful candidate will be a vital part of the Trust's School Improvement Team, taking on a professional tuition role. You will teach and support across assigned courses and school improvement programmes, drive excellence in teaching and learning and participate in quality assurance activities, including mentor observations and assessment grading/monitoring. Additionally, where appropriate, you will guide mentors and provide structured pastoral and instructional support to learners. This post offers the opportunity to autonomously manage competing priorities and develop your own expertise through continuous professional learning, collaborative practice and ongoing reflection, coaching, and problem-solving.

There is scope to shape and adapt this role according to the experience and skills that the successful candidate brings.

The LETTA Trust is committed to safeguarding and promoting the welfare of children. The successful candidate will be subject to an Enhanced DBS check and standard safer recruitment checks.
